Re: Cease and Desist A PreEmptive C&D is UnConstitutional

In itself is considerably a form of aggressive harassment and an invasion of civil rights.

Dear Mr. Foster:

I represent Tom and Carolina Gildred. I am in receipt of your email to Emerald Textiles on September 22, 2016. Your email constitutes ^{to date No Defamation} defamation, intentional interference with ^{Tom Gildred's EGO YES} business relationships, and a thinly-veiled attempt to ^{100% PreEmptive Fabrication} extort funds from my clients. Please immediately cease and desist any such conduct and do not attempt to contact Mr. or Mrs. Gildred through any channels, including by phone, text, or social media, or through aliases. Send any future correspondence to me only. ^{Preemptively Unconstitutional ORDER with ill intent and borderline criminal provocation} Also PreEmptively UnConstitutional especially when there's no prior criminal disclosure. Not Even Donald Trump's C&D from the WH to Publisher's Wolf and Bannon goes that far.

We will consider any further contact by you with Mr. or Mrs. Gildred, or any businesses with which they are associated, to be harassment and will address it accordingly. We will also pursue all civil remedies for any harmful actions by you. I strongly urge you to *There have been at least one allege hit on Michael Foster on NYPD records* consult an attorney in this regard.

Very Truly Yours,

John R. Mayer
